

The Solar Step Light features an all-in-one design. The solar panel and battery are built into the LED fixture. No need for a power source, which eliminates the need for trenching or wiring. The Solar Step Light is made out of aluminum to keep it strong and light.

- Comparable to 20W Halogen
- Automatically turns on at night and off during the day to maximize efficiency.
- Compact design allows it to fit almost anywhere.
- Lithium Ion battery lasts over 1000 charge cycles.
- Perfect for steps and decks.
- Dimensions (L x W x H): 8" x 3" x 5"
